

Underground Service Line Coverage

What is Underground Service Line Coverage?

It provides payment for loss or damage resulting from a defined service line failure of damaged exterior underground service, utility pipes and wiring lines.

Why would you need this coverage?

Homeowners are responsible for the exterior pipes and wiring on their property that bring services to the residence. Although pipes are covered property under a homeowner or dwelling policy, many perils that cause failure are excluded.

How much coverage is available?

A total limit of \$25,000 is provided in the Select bundle.

A total limit of \$10,000 is provided in the Plus bundle (per occurrence).

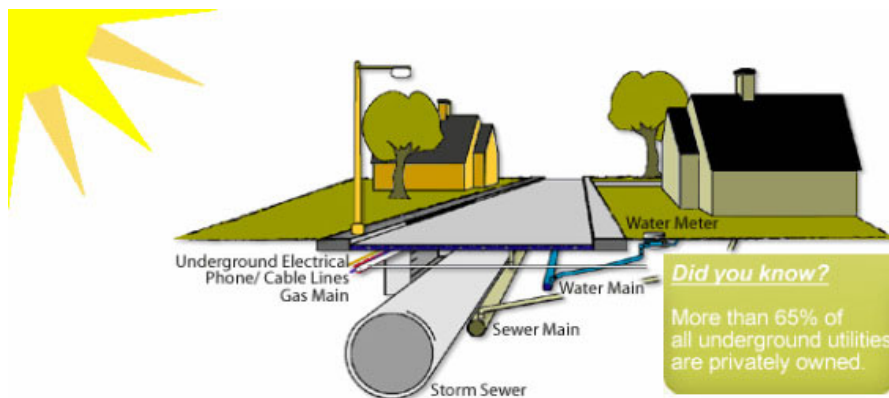

Which policyholders can be protected with this coverage?

ErieSecure Home – Plus and Select Bundle

ErieSecure Rental – Rental Property Plus

ErieSecure Property – Manufactured Home Plus
